

GET Me caffEinated!

Interface Design

SWE 632 Fall 2012
November 8, 2012

Assignment Criteria

Initial Interface Design: Initial interface screen design (can be on paper, PowerPoint, Balsamiq, etc... not a working a prototype!) — the screens and a description of the interaction. If the user profile describes a user who is significantly different from me, you may need to include task-semantic knowledge about the application so that I can evaluate your screens. You should also include comments on how the screens operate.

Submission

Balsamiq Mockup Project

Start at the Home Page and click through the interactions available on each page
